JUDGE FAVROT SLEW ALDRICH ABOUT WIFE

Congressman Elect Followed the "Unwritten Law."

REMARKS ABOUT MRS. FAVROT

The Judge Had Sent Word to Aldrich that There Would Be Shooting—Aldrich Was Armed—Rriends Rallying About Judge Favrot.

Baton, Rouge, La., Nov. 10.—George K. Favrot, congressman-elect who shot and killed his life-long friend, Dr. H. H. Aldrich, still refuses to clear the mystery of the tragedy, other than to repeat his statement made just after the shooting, that he acted for "sufficient reasons."

The "sufficient reason" of Judge Favrot is generally understood to mean remarks publicly made by Dr. Aldrich reflecting on a lady and that lady was Mrs. Favrot, the wife of the judge. The exact nature of the remarks has not been discovered, but they are said to have been gross enough to provoke Jurge Favrot to the deed.

Although Judge Favrot maintained silence as to the cause of the tragedy, his friends issued a statment that "he followed the unwritten law," acting in the belief that he was avenging an affront to his family. Judge Favrot's friends also declared that Dr. Aldrich was forewarned and forearmed.

The street near which the shooting occurred was at the time filled with leading officials of the city, accompanied in some cases by their wives.

At one edge of this animated scene Judge Favrot was seen to enter an office building, raise his arm and fire rapidly three times. He came out immediately and surrendered himself.

Dr. Aldrich, the victim of the shooting, had just left his office in this building. He was found lying in the corridor with a revolver sticking nose down, in his watch pocket and its butt hidden under his vest.

Fully one thousand persons attended the funeral of Dr. Aldrich.

Fully as notable as this showing of sympathy for the dead man, was the manner in which friends rallied about Judge Favrot, former political opponents, visiting him at the jail and two lawyers, who have at times been his political opponents, volunteered their services for his defense.

Thursday's only development was the resignation of Judge Favrot from his judicial position. His former court is in the same building where he is now a prisoner. It was announced that Governor Blanchard will order a special election to fill the vacancy.

Among Judge Favrot's callers was Lieutenant Governor Sanders.

10 Per Cent Advance in Wages.

Lima, O., Nov. 10.—A five and ten per cent advance in the wages of all employes of the refining branch of the Standard Oil company has been announced here. The advance affects immediately all the employes of the Solar refinery in this city and the army of employes at Welker, in Wood county, Ohio; in Oil City, Pa., Whiting, Ind., Bayonne, N. J., Denver and Charleston, S. C. No notice of like advance has been received by the pipe line department, but rumor has it that the voluntary advance will extend to every branch of the company.

Auster Hearing Resumed.

St. Louis, Nov. 10.—The hearing of the depositions of the defense in the ouster suit of the state of Missouri, against the Standard Waters-Pierce and Republican Oil companies, was resumed Friday. C. L. Akert, general manager of the Waters-Pierce company, who was the sole witness Thursday, was again on the stand Friday.

TWO SHERIFFS WANT THIS MAN

Fellow Arrested at Mobile Proves To Be a Very Bad One.

Mobile, Ala., Nov. 10.—J. P. Hamilton, a white man, arrested by the police several days ago on a charge of being dangerous and suspicious, is believed to be none other than J. H. Johnson, of DeKalb county, Georgia, who is wanted in Merrill Miss., for the theft of money and other valuable; at McDavid, Fla., for horse theft; at Hatches Station, Ga., for a similar crime; in Bayminette, Ala., for burglary, and who has many aliases, and wanted all over the south, and at times was known as Darling Sanders, a notorious thief and all-round crook. He is badly wanted by two sheriffs who have already arrived in Mobile. One is Sheriff A. W. Brewton, of McDavid, Fla., who reached Mobile this morning and visited the man in his cell. He identified him as Darling Sanders, a man who stole a horse and buggy at McDavid and sold the rig at Atmore, Ala.

In a letter to Chief Rondau, Sheriff Brewton says that the man is also wanted in Merrill, Miss., for theft and burglary; in Baldwin county, Georgia, on similar charges, and is a bad man.

The sheriff of Baldwin county arrived here and has visited Hamilton, or Johnson, in his cell. The muchly wanted man will be arraigned before Judge Clark and will probably be turned over to the sheriff of Baldwin county to resume his sentence at Bay Minette on a charge of burglary, which he was serving when he made his escape. He is said to have a wife in Stockton and a divorced wife in Georgia.

Count Boni's Trial Next Week.

Paris, Nov. 10.—Counsel for the Countess de Castellane in her suit for divorce against her husband, Count Boni, are confident that the application of the count's attorneys for an examination of the witnesses in the case will be denied by the court when the matter comes up next Wednesday. It is also regarded as measureably certain that the public prosecutor will not avail himself of the right which he possesses to be heard in the interests of the general public. Nevertheless, it is known that the creditors are using every influence to prevent the granting of a divorce until after their case is disposed of.

Five Incendiary Fires.

New York, Nov. 10.—One woman is dead, a man in a hospital suffering from severe burns, two thousand persons fled from their homes in panic and thousands more passed a sleepless night as a result of a series of incendiary fires in the two blocks bounded by Sixtieth and Sixty-first streets and Columbus and West End avenues early Friday. Scores of persons whose lives were endangered by the conflagration, were rescued by firemen. In all there were five fires, every one of them incendiary, between midnight and 3 o'clock.

Fire in Cargo.

New York, Nov. 10.—The steamer Terence, which sailed from this port Wednesday from Manchester, put back Thursday with fire in her cargo. She ran up the harbor to a point a mile below Liberty Islantd and two fireboats went to her assistance. The fire is smouldering among her cotton bales, and an obstinate fight probably will be necessary before it is subdued. The Terence is a freight vessel of 2,600 tons. She carried no passengers.

Raise Price of Lead Pencils.

New York, Nov. 10.—The wholesale rate on all lead pencils costing $3.60 or less a gross, has gone up according to announcements now being sent to stationers by domestic manufacturers from 5 to 25 cents per gross. New price lists on some lines of foreign pencils are also being sent to dealers. The reason given for the advance is the higher cost of labor and material.

Jacob Hauser Committs Suicide.

Johnstown, Pa., Nov. 10.—Jacob Hauser, Sr., father of Jacob Hauser, Jr., who was hanged last February for the murder of his wife and mother-in-law, was found hanged to a tree in the back yard of his home. He had of late been worrying over his son's fate.

FATAL TRAGEDY IN PORTER'S QUARTERS

Berry Brigham, Jr., Shot and Instantly Killed His Wife.

HUSBAND ALLEGED INFIDELITY

Suspected That She Had Not Been True to Her Marriage Vows, and It Is Alleged Found Her in Company With Another Man.

Gainesville was the scene of an awful tragedy after 7 o'clock p. m. Saturday, from the result of which Catherine Brigham, colored, lies a corpse at her home on South Moss street, Porter's quarters; her husband, Berry Brigham, Jr.; is a fugitive from justice, and a once happy and contented home has been broken up.

Brigham used as his weapon a double-barrelled, muzzle-loading gun, but the contents of one barrel of that was sufficient to accomplish its deadly purpose. There was a flash, a bang—and the woman lay dead in the yard at the feet of the slayer, the load having taken effect in the pit of the stomach. The shot was fired at such close range that the woman's clothing was ignited and was burning freely when the crowd arrived.

Only One Eye Witness.

Moses Parrish, who lives with his family next door to the Brigham home, was the only eye witness to the tragedy, as far as could be ascertained. Parrish stated to by-standers that he was in his house, when he heard what he took to be a scuffle in the cane patch in rear of the Brigham home, and the rattling of the canes. He stepped out into his yard, and about that time by the glare of light in Brigham's home, saw Brigham emerge through the door with his gun.

"What is the trouble, Brigham?" Parrish was said to have asked.

Brigham it is alleged replied that he had found his wife with another man. At this instant the woman came running around the corner of the piazza, when Brigham as quick as a flash levelled the gun and fired.

Brigham Escaped.

Immediately after the killing Brigham made his escape, and has not yet been captured. Sheriff Fennell and other officers were on the scene as quickly as possible after the news of the tragedy reached them. Search was made for the murderer, but without avail, and it was supposed that he made for the woods.

Body Ghastly Sight.

A large crowd was attracted to the scene in a few moments, when the spectators observed a ghastly sight. The woman lay dead upon her back, both hands up, in a pool of blood, the ghastly wound being in full view. Her clothing was still burning, but was extinguished by someone in the crowd.

The body was removed into the house, after being reviewed. It is not known whether an inquest will be held or not.

Berry Brigham, Jr., is well known in Gainesville, where he was reared. He is a comparatively young man, unusually industrious, and has been engaged in various pursuits of common labor.

The man with whom it is alleged the woman had been discovered also made his escape. His identity is not known, since Brigham did not inform Parrish of the name during the conversation between the two just prior to the killing. It is natural to suppose that Brigham did not have time to disclose the name after the tragedy.

HIGH SPRINGS NOTES.

Two Delightful Social Events Which Were Highly Enjoyed.

High Springs, Nov. 10.—Mizpah Temple No. 13, Rathbone Sisters, had a pleasure and honor conferred upon it by a visit from the Past Grand Chief, Mrs. Lillian Morris, of Gainesville. A reception was tendered her by Mrs. M. P. Sommers on the afternoon of Wednesday, 7th, which was well attended and was much enjoyed. Lovely refreshments were served. Mrs Morris attended the regular meeting of the Temple that evening, at which there was a full attendance. Afterward she was the guest of honor at a banquet served at the Crystal Cafe, to which the Knights had been bidden, and many of them honored the occasion by their presence.

The New Century Club was entertained this week by Mrs. W. N. Gramling It being the social meeting of the month an elaborate program had been prepared and carried out. The principal feature of the program was a geographical contest of Florida, arranged by Mrs. P. P. Wood. The honor of making the closest answers was equally divided between Miss M. Mann, principal of the High School, and Mrs. I. Ware, president of the club. Many thanks are due Mrs. Gramling for the lovely refreshments and other evidences of her hospitality.

HELD UP PASSENGER TRAIN.

Lone Robber Secures Cash and Other Valuables.

Kansas City, Nov. 10.—A lone robber, heavily masked, boarded the rear sleeper of the eastbound combination Chicago and Alton train No. 44, between Slater and Glasgow, Mo., shortly after midnight, Thursday night, robbed the passengers of a sum placed between one hundred and five hundred dollars and escaped in the darkness.

The train left Kansas City at 9 o'clock and was due to arrive in Chicago at 8 o'clock Friday morning. The robber, who is described as being tall and wearing a black overcoat, boarded the rear sleeper at Slater. When the train had gotten well under way, he entered the sleeper, an observation car, bound through from San Francisco. He captured the conductor and porter and at the point of a revolver compelled them to proceed ahead of him and wake up the passengers. The sleeper was well filled. As his demands were carried out, the robber, keeping the conductor and porter ahead of him, systematically relieved the passengers of money, watches, and jewelry. When he had made his way through to the front end of the car he started for the second Pullman. Before the robber could enter the second car, the porter slammed the door in his face. The train then was at a point about one mile east of Glasgow. Realizing that he could proced no further with his work, the robber pulled the air rope.

While the train was slackening its speed he jumped off and disappeared in the darkness.

Early this morning officers were started out from Glasgow, Slater and Kansas City to trace the robber.

The territory in which he worked is thickly settled and it will be difficult for him to make his escape.

Samuel Kitson, Sculptor, Dead.

New York, Nov. 10.—Samuel J. Kitson, the sculptor, who had studios in New York and Boston, died at 1 o'clock Friday morning. Kidney disease was the cause of his death. Mr. Kitson was born in England 53 years ago. He was the principal sculptor of the interior work of the house of W. K. Vanderbilt in this city. His other works include the Sheridan monument, at Arlington, Va., North Frieze Soldiers and Sailors' monument arch at Hartford, Conn., and many others.

Miners Receive Wage Increase.

Bisbee, Ariz., Nov. 10.—All miners employed by mining companies at Bisbee and Tombstone, have received notice of a raise in wages to date from Nov. 1. The scale has been advanced 25 cents a day all round. Miners now receive $3.75 a day, shaft men $4.25 and first motion hoisting engineers $5.15. The new scale means the payment of half a million dollars more each year by mining companies.

No Strike of Switchmen.

Chicago, Nov. 10.—The switchmen have accepted the management of the western roads offer of a 10-hour day, and two cents an hour advance in wages. A further advance of three cents per hour will be determined by arbitration.

A GREAT SUCCESS WILL REUNION BE

Elaborate Preparations to Entertain the Veterans.

THE COMMITTEES ARE BUSY

Full Arrangements For Entertaining the Large Number of Delegates to the State Encampment, U. C. V., Are Nearly Completed.

As the time draws near for the sixteenth annual encampment of the Florida Division, United Confederate Veterans, interest among the local camp, Stonewall Camp, the members of both Chapters of the Daughters of the Confederacy, and the citizens generally, increases. It is proposed to make this encampment one of the most successful in the history of the State, and interest is being manifested by the Veterans in every section of the State. The Veterans are anticipating with a great deal of pleasure the coming together of the survivors of the Lost Cause, and it is needless to add that the occasion will be one which will be long remembered. The rank and file of the Confederacy is becoming more diminished every year, the Veterans one by one being summoned to the great beyond.

General Lee Invited.

General Stephen D. Lee, Commander-in-Chief of the United Confederate Veterans, has been invited by the Second Division, U. C. V., to attend the reunion as the guest of the division, and it is hoped he will honor the encampment and the city by his presence. The invitation was extended through Brigadier-General J. C. Davant, Brooksville, commanding the Second Brigade.

It is hoped that all the distinguished Confederate Veterans now in command of the United Confederate Veterans will attend, as elaborate preparations are being made to entertain them.

G. A. R. Invited.

In addition to having extended an invitation to the Daughters of the Confederacy, the Sons of Confederate Veterans, Stonewall Camp has cordially invited members of Lew Wallace Post, G. A. R., as well as other posts throughout the State, to join them in the festivities of good fellowship upon the occasion of this reunion. It is probable that Lew Wallace Post will affiliate with the Veterans, and that other G. A. R. posts of the State will send representatives. As far as can be learned, this is the first time the "boys in blue" have ever been invited to mingle with the "boys in gray" upon a similar occasion.

U. D. C. Busy.

Both local chapters of the United Daughters of the Confederacy have busied themselves for the past few days in making preparations to entertain the visitors. Kirby Smith Chapter will tender a reception on the evening of the 13th, and J. J. Finley Chapter will also exercise themselves in the entertainment of the Veterans. The ladies are deeply interested in the pleasure and comfort of the old soldiers, and they propose to demonstrate this by their hospitality towards them.

Arrangements Nearly Complete.

Commander Horatio Davis of Stonewall Camp states that arrangements have been completed for the entertainment of the visitors, and assures the public that the occasion will be one which will go down in history as one of Gainesville's gala occasions. The committee of arrangements have been hard at work in completing their part of the program. The committee on reception, the committee on soliciting—and in fact all committees have labored earnestly for the success of the reunion, which they feel will be the biggest success of the kind ever held in the State.

Adjutant-General's Orders.

Adjutant-General A. D. Williams of the Second Brigade, Florida Division, U. C. V., has issued the following orders:

"Headquarters Second Brigade, Florida Division, United Confederate Veterans.

"Brooksville, Fla., Oct. 25, 1906.

"General Orders No. 5.

"1. General Orders No. 7, issued from Division Headquarters, announces the Sixteenth Annual Encampment of the Florida Division, United Confederate Veterans, to be held at Gainesville on November 13-14, 1906.

"2. The brigadier-general commanding, announces with much pleasure that the annual encampment of the Second Brigade will be held at the same time and place.

"All camps are urged to send full delegations.

"One delegate for each camp and one for every twenty members or fraction thereof. Provided each camp in good standing is entitled to at least two delegates.

"3. All camps in arrears for brigade dues of three cents per capita are urged to promptly remit their dues to the adjutant-general of the brigade, so that their delegates may be allowed to participate in the work of the convention.

"4. A low rate of one cent per mile plus twenty-five cents for the round-trip has been generously tendered by the transportation companies.

"5. Gainesville, as a city noted for the public spirit and generous hospitality of its citizens, has joined with the local camp to extend a cordial welcome to Confederate Veterans, the Sons of Confederate Veterans, and the Daughters of the Confederacy to be present upon this occasion.

"6. The brigadier-general commanding, desires to impress upon every Confederate soldier, every Son of a Confederate soldier, and the Daughters of the Confederacy, the importance of attending these annual reunions, that bring us together in closer association and encourages the accomplishment of the object of our organization.

"By command of Brig.-Gen. J. C. Davant. A. D. Williams,
"Adjutant-General and Chief-of-Staff."

STOMACH'S IMPORTANCE.

How to Strengthen It so That It Will Act as It Should.

The stomach is the principal organ concerned in the digestion of food. If it is weak, inactive or out of order and unable to properly digest the food, the body will soon be in a state of semi-starvation.

Then, too, when the stomach is weak, the food is not properly digested and lies in it for hours, decomposing, fermenting and forming poisonous gases and ptomaines that are absorbed into the blood, poisoning the system end impoverishing the blood.

To enjoy good health, it is absolutely necessary that the stomach and digestive organs should be strong, and no other remedy equals Mi-o-na in strengthening and giving tone to the whole digestive system.

Relief from the use of Mi-o-na is permanent and lasting. Use Mi-o-na for a few days, and the digestion will be good, the appetite keen, and there will be no nausea or distress after eating, no sleeplessness, no nervousness, and the headaches, backaches and disturbed heart action that are the direct result of a weakened stomach will soon be overcome.

Mi-o-na is sold under an absolute guarantee that the money will be refunded unless the remedy does all that is claimed for it. Ask J. W. McCollum & Co. to show you the guarantee which they give with every 50-cent box.

MALARIA AN INSIDIOUS ENEMY TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak, its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the will is weak, the appetite poor, digestion deranged, the complexion sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy morbid matter, but destroys the germs, cures Malaria and restores this fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the polluted blood S. S. S. gives tone and strength to the entire system. Book on the blood and any medical advice without charge.

The Educational Exhibit.

intendent of Schools Dr. J. L who left for Tampa Thursday to complete arrangements for the county educational dis els very much encouraged. tanding the fact that he has little time in which to pre he states that the various throughout the county re generously and promptly to st for assistance, and have furnished many interesting specimens, etc., to be used in that department.

Diversity of Exhibits.

Alachua county is going to surprise a great many people upon her diversity of exhibits. The agricultural exhibit will be as fine and as varied as any to be found at the Fair, while the citrus and horticultural display will be one which cannot help but be admired. Some of the handsomest citrus fruits ever grown in Florida is plucked from the groves of Alachua county.

One of Alachua's principal displays will be of Sea Island cotton, and several bales of the staple will be tastefully arranged in the exhibit. Alachua county being the center of the leading Sea Island cotton belt of the world, will naturally send some excellent samples. The method of ginning, the evolution of forty years, will be actually demonstrated, and this feature of the exhibit alone will attract large crowds.

The Stock Exhibit.

The exhibit of live stock will be another important feature. With such a magnificent farm as the Spring Park Stock Farm and many others to select from, the numerous owners of fine horses, there is little doubt but that the bulk of the premiums in this direction will go to Alachua. The Spring Park farm, which carried away many premiums last year, will be there larger and better than ever, if such a thing is possible.

The display of manufactured goods will also be an impressive one, and a display of which any county would feel proud.

In all, Alachua county proposes to do herself honor at the coming Fair, which will demonstrate to the world her advantages.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

Infant Offered For Adoption.

A short time ago Mrs. L. D. Rogers, a good woman of Fairbanks, died after a long illness, and left a little girl baby now eight months old. The father, a hard-working, honest man, is entirely dependent upon his daily work for a living and has no near relatives who can take the baby and raise it. He does not want to send it to the orphan asylum and is willing to give it to some good family who are able to care for it. It is a beautiful, healthy baby and not at all fretful or troublesome. He begs me to try to find a home for it. I would be glad to hear from anyone who may be interested.

Mr. Thos. George, a merchant at Mt. NEW TURPENTINE FARM.

Stringfellow & Oliver Will Establish Place Near Gainesville.

J. A. Roberts of Fairbanks was a visitor to Gainesville on Thursday.

Mr. Roberts, who is an experienced naval stores operator, has been employed by the Chase interests at Fairbanks until recently, when he resigned to accept a position as manager for a new place which J. D. Stringfellow and A. B. Oliver will establish about three miles to the eastward of this city. The firm has secured a large body of fine timber, and already a force of hands are at work cutting boxes. The new place will have the first season twelve "crops," or 120,000 boxes, which means that it will be one of the most extensive in this section.

Manager Roberts states that the new enterprise will be opened by Saturday. A large force of hands will be employed.

A Year of Blood.

...A. Callison, Fair Commissioner ...om Alachua county, and largely through the influence of whom this feature was created, is very enthusiastic over the prospects, which is destined to be one of the leading attractions at the Fair.

Fine Stock From Alachua.

It is understood that Rev. Clarence B. Strouse and C. W. Chase, who have a number of as fine horses as can be found in the South, will send a portion of their stock for exhibition at the Fair, including the four-in-hand of beautiful chestnut browns. These animals cannot help but be admired by the thousands of visitors at the "big show" from every section of the United States.

Shipments Going Forward.

The exhibits from Alachua county are being rapidly loaded and shipped. Two cars have already left Gainesville, and two more are to follow. A solid car left Waldo Saturday, and other cars from various sections of the county have gone forward, or will move Monday.

A Novel Exhibit.

Probably the most novel individual exhibit at the Fair will be the exhibit of J. R. Williams of Alachua. Mr. Williams, aside from being a successful merchant, is an extensive farmer, owning one of the largest plantations in the county. He will make a specialty of a cotton and hay exhibit which he confidently believes will be a prize-winner. He has shipped individually two carloads of the products of his farm, and will personally superintend the arrangement of his display, as well as the decoration of the building in which it will be located. This building will be constructed of baled hay from the Williams farm, in which will be stored several bales of cotton, potatoes, oats, corn, sugar cane, chufas, pindars, etc., attractively arranged. For this purpose it will be necessary for Mr. Williams to secure space on the Fair grounds outside the main exhibition building. The products of this farm were selected with the greatest care, being the cream of the harvest, and will accomplish a great deal in the matter of demonstating the agricultural resources of the county. Mr. Williams will have personal charge of this exhibit during the Fair.

Spring Park's Fine Show.

Commissioner Callison, who is also manager of the Spring Park Stock Farm Co., and who walked away with the majority of prizes at the "Big Show" last year, proposes to return to the coming Fair in better condition than ever. He will send two carloads of fine rigistered Hereford cattle, as well as a carload of registered hogs, etc. This shipment will leave Gainesville Monday, arriving in Tampa in ample time for the opening of the Fair.

Woman's Work Department.

Mrs. W. H. Palmer, manager of the Woman's Work Department for Alachua county, has not been idle, with the result that she has secured a fine display of handiwork embraced under this department. Mrs. Palmer has been very ambitious in this work, and her efforts have proved fruitful. Alachua will probably have as fine a display in woman's work as can be found at the Fair.

The Educational Exhibit.

The Educational Department, which will be exhibited under direction of County Superintendent J. L. Kelley, bids fair to bear inspection with any county of the State. Notwithstanding that only a short time was left in which to prepare this exhibit after the Board of Public Instruction had decided to go to the Fair, what will be seen in this department from Alachua county will be a credit. The teachers throughout the county have responded liberally to Superintendent Kelley's requests for aid.

SAVANNAH CLIQUE LOST AT OWN GAME

Alleged They Made a Combine to Reduce Price of Cotton.

GROWERS MUST STAND FIRM

This Advice is Given Them by J. R. Williams, Vice-President of the Sea Island Cotton Growers' Association. Cards Poorly Played.

J. R. Williams of Alachua, vice-president of the Sea Island Cotton Growers' Association, was in Gainesville Saturday, and made a startling statement regarding the action of the brokers, buyers and handlers of Sea Island cotton in Savannah on Thursday of the present week, in an endeavor to reduce the price of the staple.

"I have been informed on reliable authority," said Mr. Williams, "that a movement is on foot in Savannah between the buyers and handlers of Sea Island cotton in Georgia and Florida to reduce the present price of the staple, and I desire to urge upon the growers who have cotton on hand to hold firm, and can assure them that they will get the prices adopted by the Association.

"Fully half the crop has already been marketed, notwithstanding what the Savannah parties may say, and from present indications the combined crop in Florida, Georgia and Carolina this season will not exceed 60,000 bales.

"While the Sea Island Cotton Growers' Association have agreed to sell No. 1 at 25 cents and fancy at 26 cents a pound, we feel it is our duty to comply with this resolution; but if we desired we could get more, and I would not be surprised if the Association, when it meets in Lake City on the 23d inst., did not raise this limit—in fact, I have no doubt but that the Association will do so.

"I want to impress upon the growers to hold firm. Any grower who is not a member of the Association may join by sending in his application, when his cotton will be sold at the price named by the Association."

Mr. Williams stated that the cotton in this section is all out, and that cattle have been turned into the fields.

ALACHUA HAPPENINGS.

Delightful Entertainment and Supper For Benefit of Piano Fund.

Alachua, Nov. 10.—The girls of the Alachua High School gave a supper Friday night for the benefit of the piano fund. It was well patronized, the net receipts of the evening amounting to about $26. The girls deserve much credit for the energy and enterprise which they displayed in the preparation of this supper. They are a bright, industrious lot, and usually make a splendid success of whatever they undertake. Those who attended the supper enjoyed it very much, and declare that they got their money's worth of everything purchased. Messrs. Green, Richardson and Griffin furnished music for the occasion, thereby contributing much to the success and enjoyment of the evening. Some had such a pleasant time that they have asked that something of the kind be given each month.

Notes.

The school has been busy during the past week preparing exhibits for the Fair.

Mr. Kirkland, ginner for the Alachua Manufacturing Company, has rented the Ellis house, and is moving his family and household effects over from Lake City. The people of Alachua are glad to have him become a permanent resident and citizen.

The election passed off very quietly. The vote was very light, only sixty-seven votes having been polled. We are glad to state that the vote on the drainage amendment stood sixteen for to thirty against.

On the night of the 2nd inst. one Jenkins, a young negro, broke into the racket store of W. H. Sealey and stole a pair of shoes and some small change. On entering through the show-window he cut his hand, by which means he was detected and captured at the Consolidated Gin by Messrs. Sealey and Heckard. He immediately confessed everything and led his captors to where he had buried the shoes and money near the Methodist church. He was tried before Justice Caswell on an indictment for petty larceny, convicted and sent to the chain gang for three months.

On the tomb of Joseph II, of Austria, in the royal cemetery at Vienna, is this pitiable epitaph, prepared by the king himself: "Here lies a monarch who, with the best intentions, never carried out a single plan." If the truth were known today, a great many epitaphs would be scratched out and this one put in their place.

RAN BEHIND HIS TICKET.

Mr. Hearst ran more than 50,000 votes behind his ticket. An analysis of the returns will probably show that the Democrats who scratched him did so for one personal reason and another, says The Savannah News. Some are opposed to his journalistic methods, others are hostile to the man himself, and still others fought him because he fought them on some previous occasion. Mayor McClellan of Greater New York has a pretty big following and all his influence was thrown against him. McCarren of Brooklyn is another Democratic leader who controls many votes. All he could do to defeat Mr. Heart was done. And there were Democrats of lesser note who had old scores to pay off. The delegates to the Democratic Convention at Buffalo who were unseated to make room for contesting delegates who were necessary to give Mr. Hearst the Democratic nomination for Governor, doubtless were active agents in bringing about his defeat. And there were Independence League men who were disgruntled because ther ticket was knocked to pieces in order to make room for the men who had to be taken care of in accordance with the understanding between Mr. Murphy and Mr. Hearst.

Taking into account the fact that the press of Greater New York, with the exception of the Hearst papers, were against Mr. Hearst and also remembering the dissatisfaction in the ranks of the Democratic party and the Independence League, it must be admitted that he made a remarkably strong run. He was heavily handicapped by dissension and opposition in his own parties and in addition to that he was pitted against a Republican who had made a record in the life insurance investigations and against whom nothing could be said.

Mr. Hearst says he will take his place in the ranks and continue his fight against corporation evils. It is probable that he will remain in the ranks quite a while before he has another chance to get an important office. It may be that he is one of those who are destined to win fame in the ranks—who make themselves too unpopular fighting the battles of others to get office. If he had an ambition for the Democratic nomination for President in 1908, he has abandoned it. His defeat put him out of the list of candidates for that place. With a record of running 50,000 votes behind his ticket in the pivotal State of New York he couldn't hope to get the nomination for President from the Democratic party. But there is no doubt that he will make his influence felt in the next Presidential contest.

PISTOL PERMITS.

The pistol carriers of this county have an idea that securing a license or permit from the board of county commissioners authorizes and permits them to stick a pistol in their pocket and carry it concealed, or partly concealed. Not so. The law authorizing permits was never intended so; it does not take the place of the law prohibiting the carrying of concealed weapons. The permit simply authorizes the individual to carry, openly, on or about his person a pistol.

The privilege given by these permits has been and is being abused daily. If the courts will place a few fines on some of these fellows who think it the thing to go around with the handle of an old pistol sticking out of his hip pocket, it will bring them to their senses, and make them stop carrying them, or use a belt and scabbard, as contemplated by the law.—Arcadia News.

Not every boy can be a rich man or a great man, but every boy can be a gentleman. A boy with gentlemanly manners, who is trusty and honest and does his very best every day, will gain the attention and confidence of men and will be given paying and responsible positions as soon as he is old enough to fill them. Boys like to have fun and a good time. It is right they should. They will never be boys but once; but to have fun is not altogether what they are made for. Boys are of value chiefly to make men, good for something in the world. Character, like a house, must have the right kind of a foundation. The foundation stones of a good character are reverence for God, respect and obedience to parents, deference for old people.

Close within our reach often lie the very things needful to make our lives happy, useful and beautiful; but with our eyes on the sky, dreaming of stars we can never reach, we are disdaining the treasure that rests on our own hearthstone.

The aggregate wages paid to the employes of manufacturing industries in the United States during the year 1905 was, in round numbers, $2,661,000,000. As the wage earners numbered 5 492,000, the average per capita was $532. In the year 1900, $2,005,000,000 were paid to 4.701 000, an average of about $500. The increase in the average number of employes was 16.81 per cent, and in the aggregate wages paid, $32.71. During the five years, according to the census bureau, the increase in the number of factories was 342 per cent, in the capital employed 45 73 per cent, and in the value of products manufactured 30 38 per cent. Stated in dollars the increase in capital was $4,121,000,000, in wages $660,000,000, and in value of products $3,500,000. The increase was greater in the South than in any other section.

Every property holder and tenant in Gainesville should take the greatest of pride in cleaning up and keeping their holdings and home in admitted sanitary condition. Health is happiness. We have the reputation of having the healthiest climate and the best water in the State. Let us keep that reputation by all means.

In the early days of railroading in this country no restraint was laid on any employe from drinking and many of them were intemperate. Now railroads are virtually temperance societies. Many companies will not permit any employe to be seen entering a saloon, nor under any circumstances to drink intoxicating liquors.

Returns thus far received from the election in Florida last Tuesday show that where Governor Broward received his largest vote two years ago, the opposition to his pet scheme of draining the Everglades was most manifest. Wonder if he will charge the corporations with having "bought" his former friends?

"He put his arms around me, but he never squeezed me," declares a Chicago lady who is suing a man whom she accuses of having swindled her out of $800.

Another gun-play has been pulled off in Texas by Uncle Sam's "nigger" soldiers. It was a rum dive, near El Paso, and resulted in one killed and two wounded.

The American Bankers' Association could not agree at its recent convention on a plan for getting more money in emergencies. That seems to be the principal trouble with everybody in this world.

DEATH OF JUDGE NOLAN.

Mayor of Jacksonville, a Well Known and Popular Citizen, Passes Away.

Telegraphic information to The Sun from Jacksonville at a late hour Friday night announced the death of Hon. Geo. M. Nolan of Jacksonville, mayor of that city, and one of the most prominent and most widely known citizens of the State.

There was no particulars regarding the death of this distinguished citizen and official—other than the announcement that he had passed away. Judge Nolan was a man popular with all who knew him. Possessed of a most amiable disposition, he made friends of all whom he met, many of them residing in this section. Everyone who knew him will bow in sorrow at his demise, and will offer sympathy to the grief-stricken widow.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Kehl is Insane.

New York, Nov. 9.—A Panama special to the Herald says German Kehl, who in 1903 tried to gain admission to the white house with the declared purpose of killing President Roosevelt, arrived in Panama from Chile and was put under arrest. Physicians declared him insane. He will be sent back to Chile. There are a number of secret service men now on the ishmus to look after the safety of Mr. Roosevelt. For weeks the canal zone police and detectives have kept close tab on all arrivals at ports between Panama and Colon.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

WEATHER CHIEF TO BE REBUKED

Roosevelt to Reprimand Moore for Meddling in Union Labor Matter.

Washington, Nov. 9.—President Roosevelt has directed that a reprimand be administered to Willis L. Moore, chief of the weather bureau, for his action in the case of a printer named Cooper, in his office, who had been expelled from the Typographical union for not paying his strike assessments.

Mr. Moore, it is alleged, urged Cooper on two occasions to pay his assessments, but the latter refused and he was expelled from the union. Following this, Cooper was transferred to New Orleans, and he claimed that this action, on the part of Moore, was intended as a punishment for him for not complying with the demands of the Typographical union.

The matter was referred to the civil service commission, which without reporting on the question of whether or not Cooper's transfer was intended as a punishment, held that Mr. Moore's action in urging payment of the strike assessments was improper. Under the circumstances the commission expressed the opinion that Cooper's transfer would not be for the good of the service, as this would give the impression that it was intended as a punishment.

For Storm Sufferers.

Atlanta, Nov. 9.—State Treasurer R. E. Park, who was recently designated to receive subscriptions for the relief of the storm sufferers on the coast of Alabama as the result of the recent hurricane which swept that section, received the first contribution Wednesday of $5 from S. P. Richards, of Atlanta. This is in response to the appeal which recently came to Governor Terrell from J. A. Jeullian, of Coden, Ala., president of the Coden-Bayou la Batre Relief association, formed for the purpose of extending relief to the sufferers in that section from the recent terrible storm on the coast of Alabama.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

NEGRO TROOPS ARE DISGRACED BY TEDDY

Battallion Dismissed By President Roosevelt.

CRIME COMMITTED BY NEGROES

Caused Investigation, Which Resulted in Roosevelt's Order of Dismissal White Officer Also Reproved by the President.

Washington, D. C., Nov. 8.—Unprecedented in the history of the army of the United States is the action of the president, just announced, in dismissing in disgrace from the army an entire battalion of negro troops because of their failure to disclose the identity of some of their number who had been guilty of violence and murder.

As an evidence, however, of his intention to be fair to the negro troopers, the president has accompanied this action by an order which may amount to the courtmartial of a white army officer of high grade, who was charged with having cast slurs upon the negro troops.

Bilious Attack Quickly Cured.

"A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. BAILEY, Editor of The News, Chapin, S. C. These tablets are for sale by all druggists.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." The Pastor's Helping Hands Society of the First Presbyterian Church held an interesting and largely attended meeting at the home of Mrs. M. B. Saunders, North Arredondo street, Wednesday afternoon.

There was more than usual interest attached to this meeting, in view of the fact that this was the occasion for the election of officers for the ensuing year.

PUBLIC SCHOOL IS QUITE PROGRESSIVE

A Great Deal of Enthusiasm and Energy is Manifested.

SIXTH GRADE WON HONORS

The Silk Banner Was Awarded That Grade, and Was Presented on First Wednesday With Appropriate Ceremonies—General School Notes.

(By the Special Correspondent).

The duet sung by Nanaline and Lucile Kennibrew at chapel exercises Monday before last was greatly enjoyed, as was the recitation of Alesca Schafer on Friday of the same week.

The silk banner offered by the principal for the grade standing highest each month in attendance and deportment, was won the first month by the sixth grade, Miss Shannon, teacher. The banner was presented on Wednesday morning, the first week of this month, with appropriate ceremonies. Little Yeleva Rogers, having made a general average in all of her studies of 99 per cent for the month, is the standard bearer for the honor grade—and right gracefully and proudly does she carry the pretty banner.

There are now only two grade rooms in the building in which there is a vacant desk, or a foot of empty floor space. There is now a daily attendance of over 450 pupils. The average attendance for this month, the principal says, has so far been about 95 per cent of the total enrollment.

Through the kindness of the Board of Trustees our school is now well supplied with song books, and singing at chapel exercises is improving rapidly. We have already learned two new songs, both very pretty.

We all enjoyed Supt. Holloway's visits this week, and especially his entertaining talk at morning exercises Wednesday. He paid the school, pupils and teachers a fine compliment, of which, of course, we are very proud. We are learning to love our school and to take pride in its good name. The geometry class desire to thank Supt. Holloway for the nice compliment he paid them.

We are glad the work of preparing for the exhibit at the Tampa Fair is over, and we have resumed the regular routine of work. We hope to get a number of the premiums.

How badly the high school needs a physical and chemical laboratory—but we have no place in the building to put apparatus if we had it. There are about ninety in the high school, and next year there will be over 125, as only one will graduate, and about thirty or forty will pass up from the eighth grade. Some provision will have to be made for laboratories and a science teacher next year.

The piano solo Friday morning by little Eva Futch at chapel exercises was as sweet and pretty a special number as we have ever had.

The piano duet Wednesday morning by Ruby and little Bernice DeLand was greatly enjoyed, and elicited a storm of applause. We hope they will play for us again soon.

TELEPHONE SYSTEM COMPLETE.

Southern Bell Company Now Operating in Micanopy Profitably.

The Southern Bell Telephone Company, having completed its exchange at Micanopy, is now giving the good people of that town a fine and satisfactory service.

Tom Blair, under the direction of whom this system was installed, stated Saturday that forty-nine instruments had been placed in commission, with prospects for many more. The system is the very latest, and the people of Micanopy are "tickled to death," to use the expression, over the convenience afforded by the same.
